

ST. ANDREW'S COLLEGE

Cambridge

GUARDIANSHIP AGENCIES - CONTACT DETAILS

St Andrew's College Cambridge works very successfully with a wide range of organisations and individuals providing guardianship services for the pupils in our care. They provide a vital link between family and college and lead to a very positive experience for all concerned. All guardians acting for pupils in our care are familiar with our requirements for an excellent level of service and interact regularly with us to support the positive pastoral care and academic progress of the pupils.

Whilst it is not possible to list all guardians with whom we work, some of the larger agencies are listed below for your information. The choice of guardian is entirely at the discretion of the family, providing they are able to fulfil the requirements of a guardian for pupils at St Andrew's College Cambridge as set out in the Guardianship Agreement.
