“What I like most about St Andrew’s is actually the location. It’s near the station and city centre, very easy if you want to grab a quick lunch.

The community is nice, everyone is really friendly and all the staff are all willing to help if you have any issues.”

“St Andrew’s taught me to be a disciplined person, for example staying focused while doing important research projects. So that was a good start for me.

The boarding house is spacious and comfortable and my House Parent will always check up on us to make sure we are fine and obviously to make us feel at home.”

“One thing I enjoy about St Andrew’s is that we have a lot of time between classes, so this allows me to explore the topics related to my subject and study at my own pace.

I have lived away from home before so coming here wasn’t a big adjustment, but having a friendly house manager and house mates really do make the place more comfortable.”
