

ST. ANDREW'S
COLLEGE
Cambridge

Partnership prospectus

about the college

The College was established in 1976 and proudly holds the title of oldest tutorial college in Cambridge.

We limit the number of students in the college to 200.

Located in the heart of Cambridge.

78% of our Foundation course students progressed to a **UK top 20 university**.

The foundation program has been running since 1996. It offers Humanities, Science and Art based courses running from September to June and January to June each year.

Students are able to progress to top universities (except G5) from the course.

The course runs at the same Regulated Qualifications Framework (RQF) level as A-Levels and is therefore the stepping stone to universities in the same way that A-Levels are.

The course has the same number of hours for the September start as it does for the January start.

partnership package

The College will provide

- The course specifications
 - Assistance with recruitment where applicable
 - Advice and CPD for teachers
 - A visit the college in November / December and June / July each year
 - Exams scripts and marking and then pass over the results with CPD for the teachers
 - Help with UCAS and university placement in the UK and beyond
 - A full list of policies and procedures for the course and its offerings
 - Teacher guidance via Zoom, email and visits
 - A report after each exam session for the teachers and students to take on board
- in preparation for the following series
- Student recruitment guidance
 - A formal review at the end of each academic year
 - Assistance with university placement of students

IELTS

- A course specification
- A handbook to assist with understanding and learning
- A list of texts to be used for each level of IELTS being taught (where available)

In country support will offer:

- Guidance and support for recruitment of staff, marketing of students and a link with St Andrews
- Through their key staff, offer academic guidance for the foundation courses and UCAS applications
- Support our partners with insight and understanding of the UK education system

examples of fees & potential returns

The Costs

- A one-off franchise fee of £20,000
- An annual admin fee of £5000
- Student fee of £750 per student per course (annual review) for examinations and logistics

An example

Year 1

Based on 15 students:

You would pay £36,250

Your revenue would be approx. £60,000 (@£4,000 per student per year) Your gross profit before costs would be £23,750

Year 2

Based on 30 students

You would pay £27,500

Your revenue would be approx. £120,000 (@£4,000 per student per year) Your gross profit before costs would be £92,500

Year 3

Based on 45 students

You would pay £38,750

Your revenue would be approx. £180,000 (@£4,000 per student per year) Your gross profit before costs would be £141,250

The advantages

- It gives your students a UK foundation education without leaving the home country.
- The costs are not restrictive based on UK prices (approx. £42,000)
- It enables students to progress to top UK universities
- Parents can use the cost of the foundation education in the home country to supplement UK university education

The Partnership

We currently have a partner in Abuja who are in their 7th year of operations. They have 115 students this year, this has grown from 15 students in their first year.

We are looking for suitable partners to grow and enhance the brand.

We do not want to flood the market with the offering, but we need to seek partners who show the same integrity, ambition and student care as we do.
